The funds under this program are intended to target individuals and families who would be homeless but for this assistance.

Quarterly Activities/Project Description:

To date sub grantees have exceeded the projected number of households served by 40 percent and they remain on target to meet their own spending projections. We continue to see more households being served with Prevention services rather than Rapid Re-Housing services.

Commerce completed a second round of grant reductions shifting funds from two grantees that were not meeting their spending projections to three sub grantees who have continued to surpass their projections each quarter. We remain vigilant in reviewing spending patterns to ensure the funds are completely utilized within the grant period. Some grantees have indicated they will spend their entire grant a year earlier than expected and will no longer be budgeting funds to provide services in year three.

Staff continues to provide a high level of technical assistance on client data entry into the Homeless Management Information System. Ensuring data quality consumes our staff and sub grantees who spend hours each month verifying information. Commerce remains committed to producing accurate reports so that the Department of Housing and Urban Development and our sub grantees have the best data possible to make programmatic decisions.

Staff is averaging about two on-site visits a month to sub grantees and reports increased technical assistance on documenting specific HPRP client eligibility requirements.
